Re: My retirement and my endorsement of Dr. Tripti Meysman

Dear patient,

I have received great personal reward from dentistry over the years, but the time has now come for me to retire from private practice. Although I won't be seeing you in my office, you will remain in my thoughts. I want you to know I appreciate the confidence you placed in me by allowing me to serve your dental needs.

I am recommending that my patients receive their future dental treatment from my replacement, Dr. Tripti Meysman. As you may know, Dr. Meysman's office is right next to mine, Suite 812 in the Medical Arts Building. She is a graduate of the University of Minnesota's School of Dentistry, and has practiced dentistry since the year 1998.

I didn't have to search long for a dentist who I thought would provide my patients with the care and personal service I require. Dr. Meysman, whom I have known as my colleague all these years, lives up to my highest standards, and I am confident you will find her someone you want as your dentist.

Dr. Meysman is highly involved in dentistry. She is an advisor to the prestigious Seattle Study Club, where dentists learn about new and advanced procedures and technologies in dentistry. Moreover, she and her team participate in projects like "Give Kids A Smile" and "Project Homeless". At the same time, I think you will also find that they have a lot of fun and a very cordial relationship with their patients.

Because I want to be certain that my patients continue to receive the best care possible, I have selected Dr. Meysman to carry on my practice. I know she is a competent doctor, a caring person, and a professional, and that she wants to continue giving my patients the highest care that I would want for them.

All good things come to an end, and I am grateful that you have been my patient. I have asked Dr. Meysman and her dental team to continue your care and to contact you soon. I additionally have asked that they call you when your next scheduled visit is due, so that your dental care is uninterrupted. Should you want to contact them, the new office number is 612-338-2835 (also www.citytooth.com on the web). In any case, I think you will be very happy with Dr. Meysman and her team, and I am confident that you will be in very good hands.

Once again thank you, you will remain in my thoughts, and good luck in all your future endeavors.

Sincerely,

Dr. Colin Frykman
